## **About DVR&C Private Equity ([www.dvrcapital.it](http://www.dvrcapital.it))**

DVR&C Private Equity is an extremely flexible investment vehicle, able not only to autonomously execute medium-size deals but also to take part in larger deals alongside other investors or institutional third parties.

DVR&C Private Equity was created in June 2008 by DVRCapital, together with top class entrepreneurs and institutional investors, to support the growth of portfolio companies by leveraging the solid industrial and financial experience of its management team and investors.

In July 2010 DVR&C Private Equity successfully completed, together with AVM Private Equity, the acquisition of a majority stake in Barovier & Toso, an Italian company based in Murano (Venice) which has been designing and manufacturing luxury artistic glassworks since 1295.
